The New York State Department of Environmental Conservation (NYSDEC) and the Nassau County Department of Public Works (NCDPW) are hosting a virtual public information session with the Design-Build Team, Western Bays Constructors (WBC), via Zoom. WBC will provide information on upcoming construction activities. The Project Team will be available to answer questions.

Please visit our website (www.BayParkConveyance.org) to learn more about the Project and sign up to be part of our mailing list to receive Project updates.

About the Bay Park Conveyance Project

Together, NYSDEC and NCDPW are improving water quality and storm resiliency in Long Island's Western Bays by upgrading its existing wastewater management infrastructure. This innovative Project will convey treated water from the South Shore Water Reclamation Facility (previously known as the Bay Park Sewage Treatment Plant) located in Nassau County, New York, to the Cedar Creek Water Pollution Control Plant's ocean outfall pipe.
