

Dear Neighbor:

We are writing to update you on the construction of the Bay Park Conveyance Project. The Bay Park Conveyance Project is a partnership between the New York State Department of Environmental Conservation and the Nassau County Department of Public Works. Western Bays Constructors (WBC) is the design-builder for this innovative Project.

The Project will convey treated water from the South Shore Water Reclamation Facility at Bay Park (formerly known as the Bay Park Sewage Treatment Plant) to the existing Cedar Creek Water Pollution Control Plant's ocean outfall pipe, which discharges and diffuses treated water three miles offshore in the Atlantic Ocean. Construction involves underground microtunneling within your community. Microtunneling is a safe, effective way to install piping deep into the ground, avoiding long trenches and surface disturbance.

Bay Park Shaft 9 (BP9) is located at the Sunrise Highway/Merrick Road Interchange in Rockville Centre. As construction in your area continues, we want to give you as much information as possible. Here's what you should know:

Support of Excavation (SOE) Installation

Trucks, cranes, and other machinery continue to mobilize to the site of BP9 to support construction activities. Some of the machines can extend up to 100 feet high and will be noticeable from a distance.

Construction at BP9 includes installing SOE, a retaining wall to support the earth during excavation. SOE installation requires heavy machinery and may cause periods of noise and vibration in areas directly adjacent to the work site.

To facilitate construction, there will be intermittent road closures which are anticipated to continue into the coming months. Please refer to the above map for current road closures and detours.

Through a dedicated Community Outreach Program, WBC is committed to a robust engagement process and to maintaining an open line of communication throughout construction. We are also committed to minimizing disruption to neighborhoods affected by construction. WBC's Community Outreach Team will be available to answer questions and act as a project liaison throughout the duration of construction.

For more information on this project element, we encourage you to visit our website www.BayParkConveyance.org and Facebook page [@BayParkConveyance](https://www.facebook.com/BayParkConveyance), and register for [email updates](#). Our Community Information Center is located at 265 Sunrise Highway in Rockville Centre. Please visit our website for hours. You may contact us via the Project's 24/7 hotline at (516) 252-6121 or email us at BayParkConveyance@gmail.com with any questions.

Respectfully,

The WBC Community Outreach Team
